**SUBJECT:** Action regarding recommendation from Beautification Committee for approval of funding for repair and landscape of Highland Station Median Entrance Sign

---

**BACKGROUND/DISCUSSION:**

The Highland Station entry sign (intersection of Blue Mound Road and Basswood Drive) was damaged by a vehicle several months ago. The vehicle that caused the damaged has not been identified. There is no homeowner's association for this subdivision. Due to some confusion regarding ownership of the sign, it was not listed on the City's insurance policy. Therefore the City will be responsible for the repair and landscape of this sign. The Beautification Committee considered this item at their meeting on July 17, 2017 and voted to recommend approval to the City Council. A proposal from Ware Construction for the needed repairs and landscaping was received in the estimated amount of \$925.

**FINANCIAL IMPACT:**

The estimated financial impact will be \$925. Funds are available in the Beautification Donations Fund to cover this expenditure. The current available balance is \$71,274.46.

**RECOMMENDATION:**

The Beautification Committee voted unanimously to recommend approval of the funding for the repair and landscape of the Highland Station Median Entrance Sign in the estimated amount of \$925 by Ware Construction.

### **ITEM:**

Consideration and action to approve funds for the Saginaw Beautification Committee to Repair the Highland Station Median Entry Sign

### **PRESENTER:**

Keith C. Rinehart, Director of Recreation & Community Services

### **DISCUSSION:**

Several months ago, the median entry sign for Highland Station subdivision was damaged by a car. Staff researched and sought quotes to repair the damaged sign. At the July 17, 2017 Beautification Meeting, the Committee approved funding of \$925 for Ware Construction to repair the landscape border and sign. The border will be made of stone to match the existing materials.

### **RECOMMENDATION:**

The Beautification Committee and Staff are recommending the approval of \$925.00 for Ware Construction to repair the landscape border and sign at the entry of the Highland Station subdivision.

### **FISCAL IMPACT:**

- \$925.00

This estimate is to repair the rock around the monument at the intersection of Hwy 156 and Basswood. The front right area was hit with a vehicle and damaged/crushed the flower bed section as well as impacting the actual monument structure causing damage to the front, side and back of the structure. There are 3 significant cracks on the back, side and top of the structure caused from the impact of the vehicle striking the monument. We will repair these cracks and replace all damaged portions to the front of the structure and restore everything back to its original condition. Due to the impact and condition of the impacted area we are not sure to what extent the damage is to the integrity of the structure. We will be able to fully inspect the monument as we remove parts to be repaired and can give a full report of any further damage that may have been caused by this impact. This estimate is to repair the visible damage only.
